

REMARKS

Claims 1 and 3-22 are pending. Claims 1 and 12 have been amended. Claims 14-18 are new.

Claims 1 and 12 have been amended to remove “to the emulsion to produce an immediate foaming action on expulsion from a pressurized container”. Claim 12 has been further amended to add an “a” in front of “non-water” in step (b). Importantly, the claim amendments should not be construed to be an acquiescence to any of the claim rejections. Rather, the amendments are being made solely to expedite the prosecution of the above-identified application. The Applicants expressly reserve the right to prosecute further the same or similar claims in subsequent patent applications claiming the benefit of priority to the instant application. 35 USC § 120.

Support for new claims 14-18 can be found throughout the application; for example, in the claims as originally filed, the Tables on pages 9 and 10, on page 3, lines 28-29, and on page 4, lines 13-15.

No new matter has been added.

The Director is hereby authorized to charge any required fee(s) to our Deposit Account, **06-1448**, reference **CPX-015.01**.

If a telephone conversation would expedite prosecution of the application, the Examiner is urged to contact the undersigned or Dana M. Gordon, Ph.D, Esq. at the number listed below.
